Underground Storage Tanks

Modern underground tanks provide the highest structural strength and compatibility with biofuels and additives. Consider our Glasteel II, a fiberglass-jacketed steel tank, for your next fuel storage project.

Carbon or Stainless Steel

Fiberglass or Urethane Jacketed

Up to 60,000 Gallons

Multiple Compartments Available

Optional Internal Lining

UL-58 and UL-1746 Listed

Glasteel II

Glasteel / ACT-100

ACT-100-U

Kleerwater™ Oil
Water Separators

LPG

Aboveground Storage Tanks

Modern is a leader in building above-ground storage tanks for a wide range of products and applications. Water, petroleum products, chemicals, agricultural materials, waste, and nearly anything else you can imagine, Modern has a tank for it.

Carbon or Stainless Steel

Horizontal, Vertical, or Rectangular

Up to 60,000 Gallons

Single or Double Wall

UL-142, UL-2080, API Construction

Optional Ladders and Platforms

Fireguard™

Flameshield™

UL-142 Tanks

SuperVault MH

API

Kleeewater Oil Separator

Pressure Vessels

Modern subsidiaries are ASME Code, "U" stamp approved. This certifies us to fabricate Section VIII Division 1 pressure vessels. In addition, Modern has "R" stamp certification to perform repairs and alterations to boilers and pressure vessels.

Carbon, Stainless, and Specialty Alloys

Jacketed Vessels

Internal Trays, Baffles, and Beds

AMPP QP-3 Accredited Shop Coatings

Engineering Design Support

Non-Destructive Examination

Autoclave

Propane

Column/Tower

Absorber/Filter
