C. AVERAGE PRODUCTION PER YEAR: 3,600 tons

D. APPROXIMATE PRODUCTION AREA: 45,000 sq. ft.

E. MAXIMUM LIFTING AND SHIPPING CAPACITY: 20 tons

F. BLAST AND COATING FACILITIES:

Wheelabrating (6'-0" wide)
Blasting Cleaning Room: 5,600 sq. ft.
Heated Coating Facility (painting) 4,200 sq. ft.

G. CUTTING & FORMING FACILITIES:

1. Shearing Capacity 1/2" x 10 ft.
2. Bending and Forming 3/8" x 10 ft.
3. Messer Plasma Table

H. WELDING:

1. SMAW
2. GMAW
3. FCAW
4. GTAW
5. SAW

I. ANGLE ROLLS:

L2" x 2" x 1/8" Thru L6" x 3 1/2" x 5/16"

J. SAWING CAPACITY:

S3 x 5.7 I Beam to 36 x 300 Wide Flange Beam

K. DRILLING AND PUNCHING:

Peddinghaus Ocean Avenger Drill Line
Peddinghaus Angle Line

L. SHIPPING:

Truck: Company owned fleet and numerous common specialized carriers

M. OTHER MATERIALS OF CONSTRUCTION:

Carbon Steel
Stainless Steel
Aluminum

N. CERTIFICATIONS:

AISC Certified Building Fabricator
IIW ISO 3834
AWS Certified Welding Fabricator

O. QUALITY CONTROL:

Two AWS Certified Welding Inspectors on staff

Think Modem Welding when you think of almost any metal fabricated equipment you need. At the Elizabethtown plant, we specialize in custom structural steel and plate fabrication with a proven record of high quality production and dependable service. Fine facilities, state-of-the-art equipment and methods, and people skilled in engineering and production make it possible for us to meet your requirements for budgets and schedules.
